

SCANDISPLAY

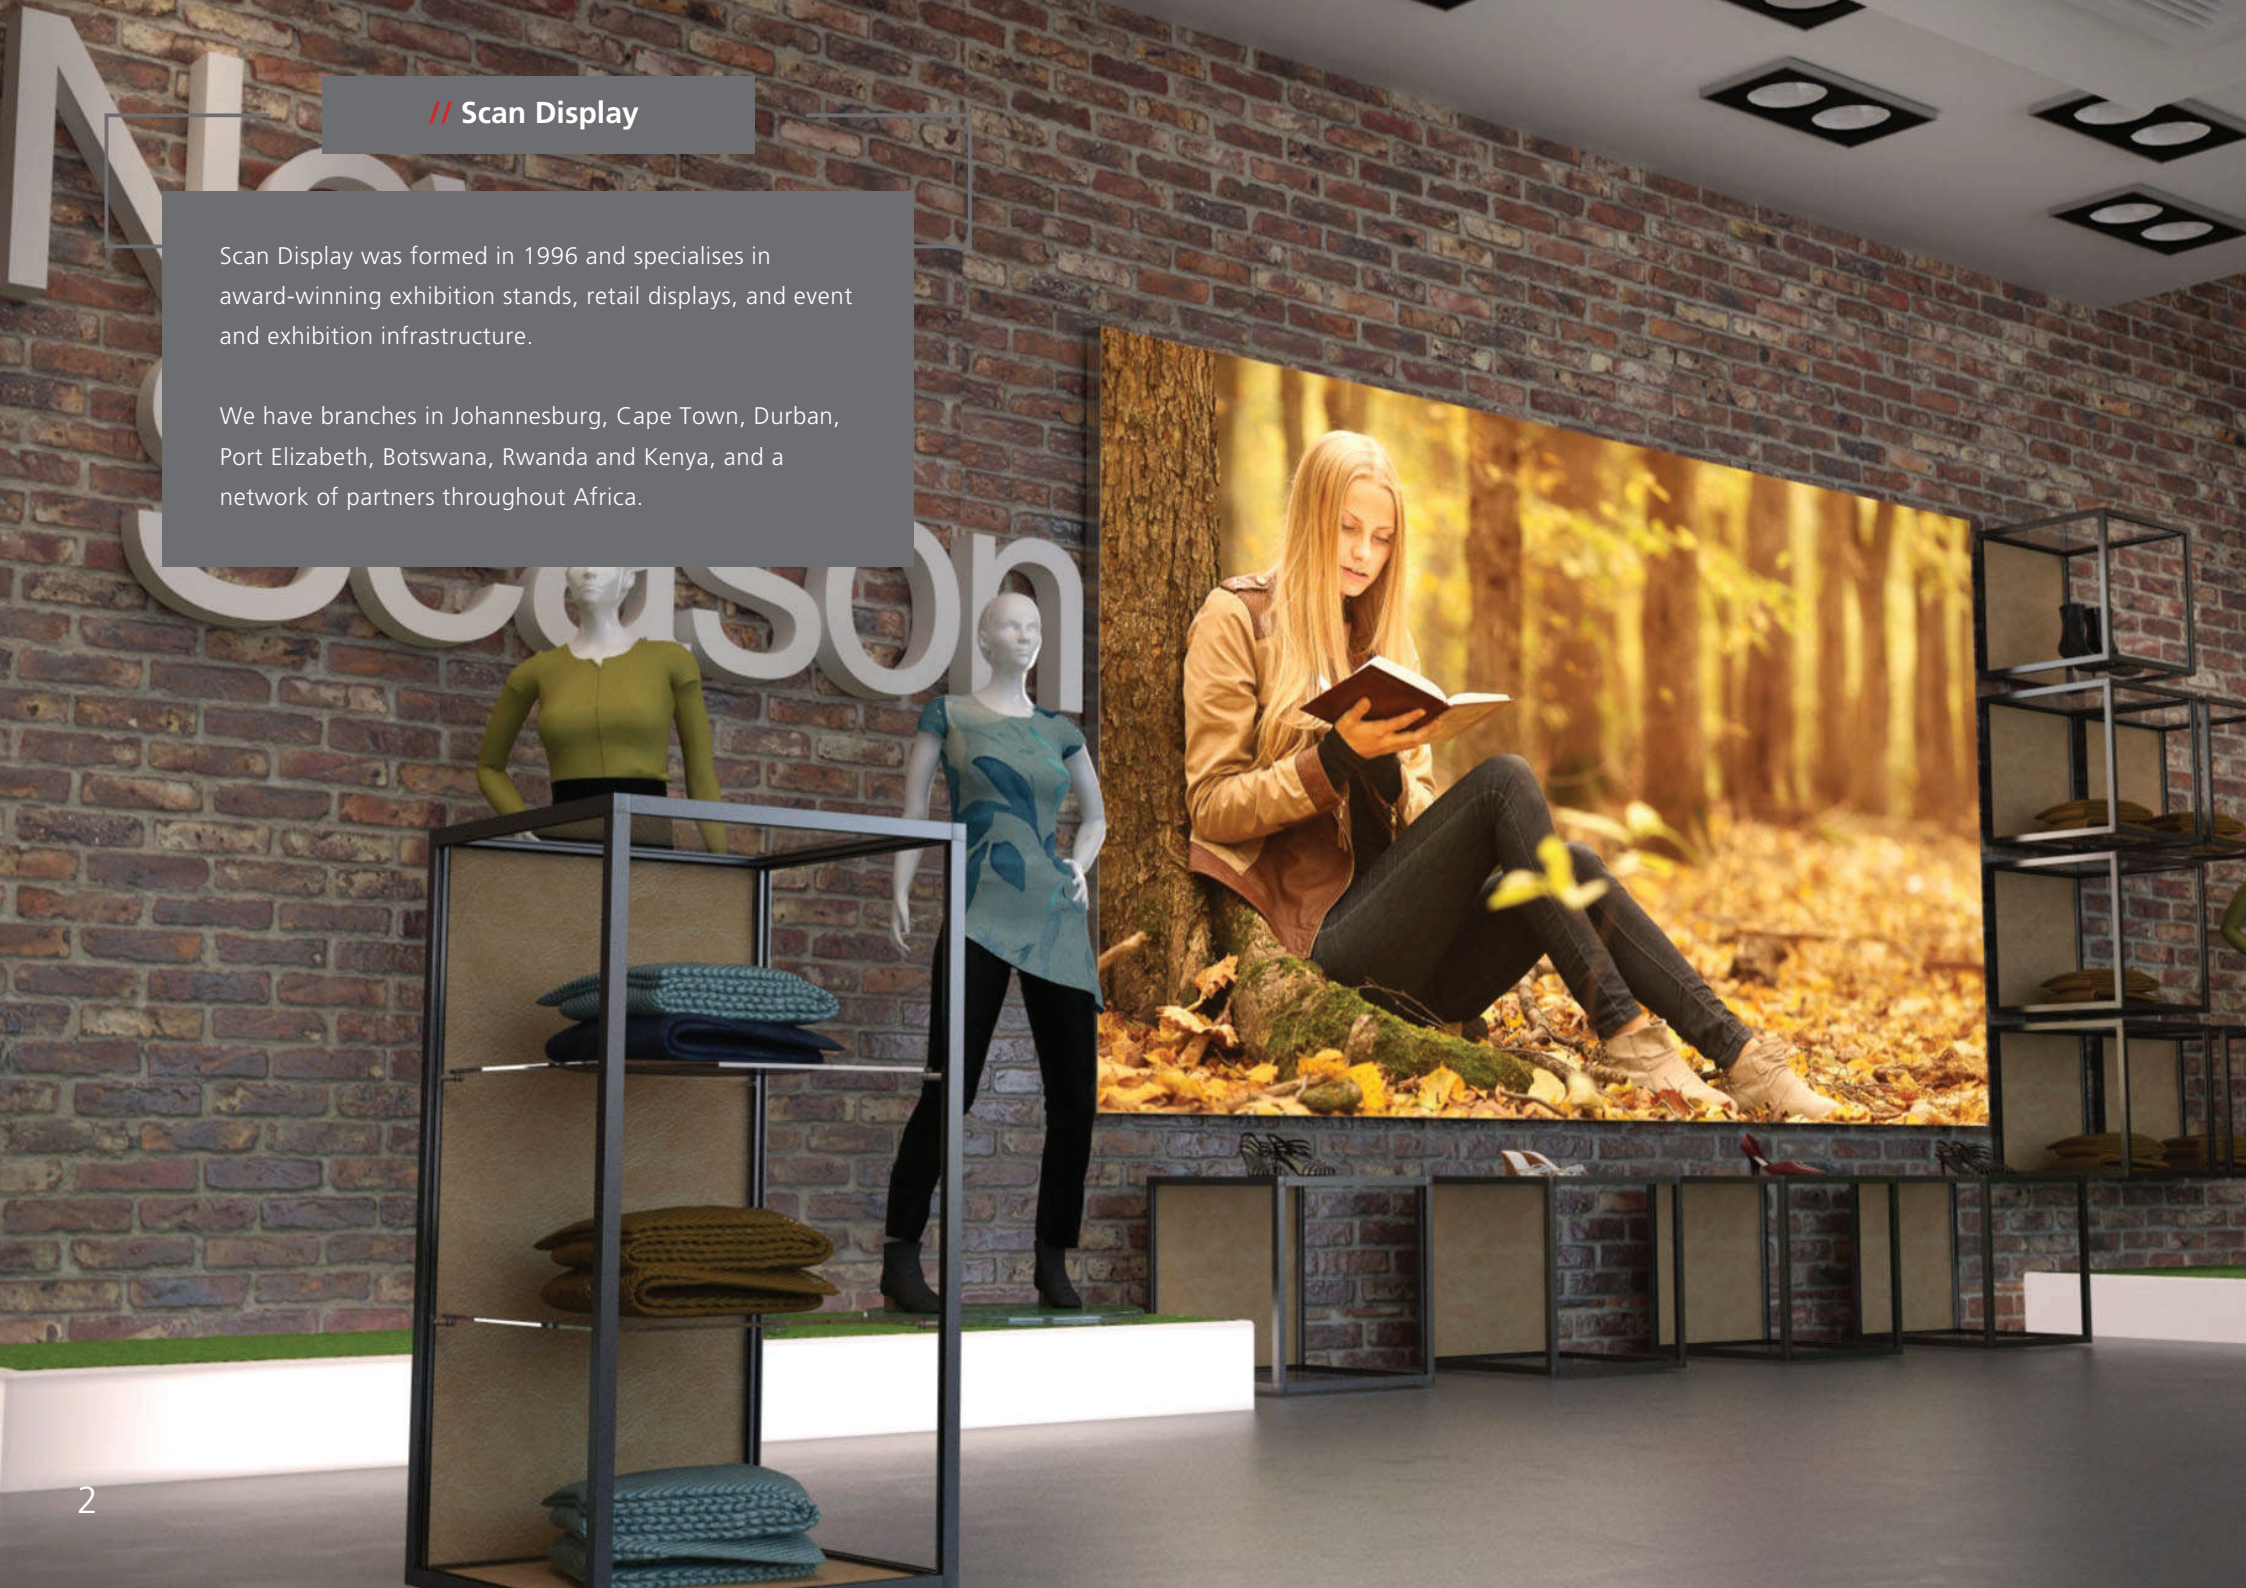

LED Fabric Lightbox

// Scan Display

Scan Display was formed in 1996 and specialises in award-winning exhibition stands, retail displays, and event and exhibition infrastructure.

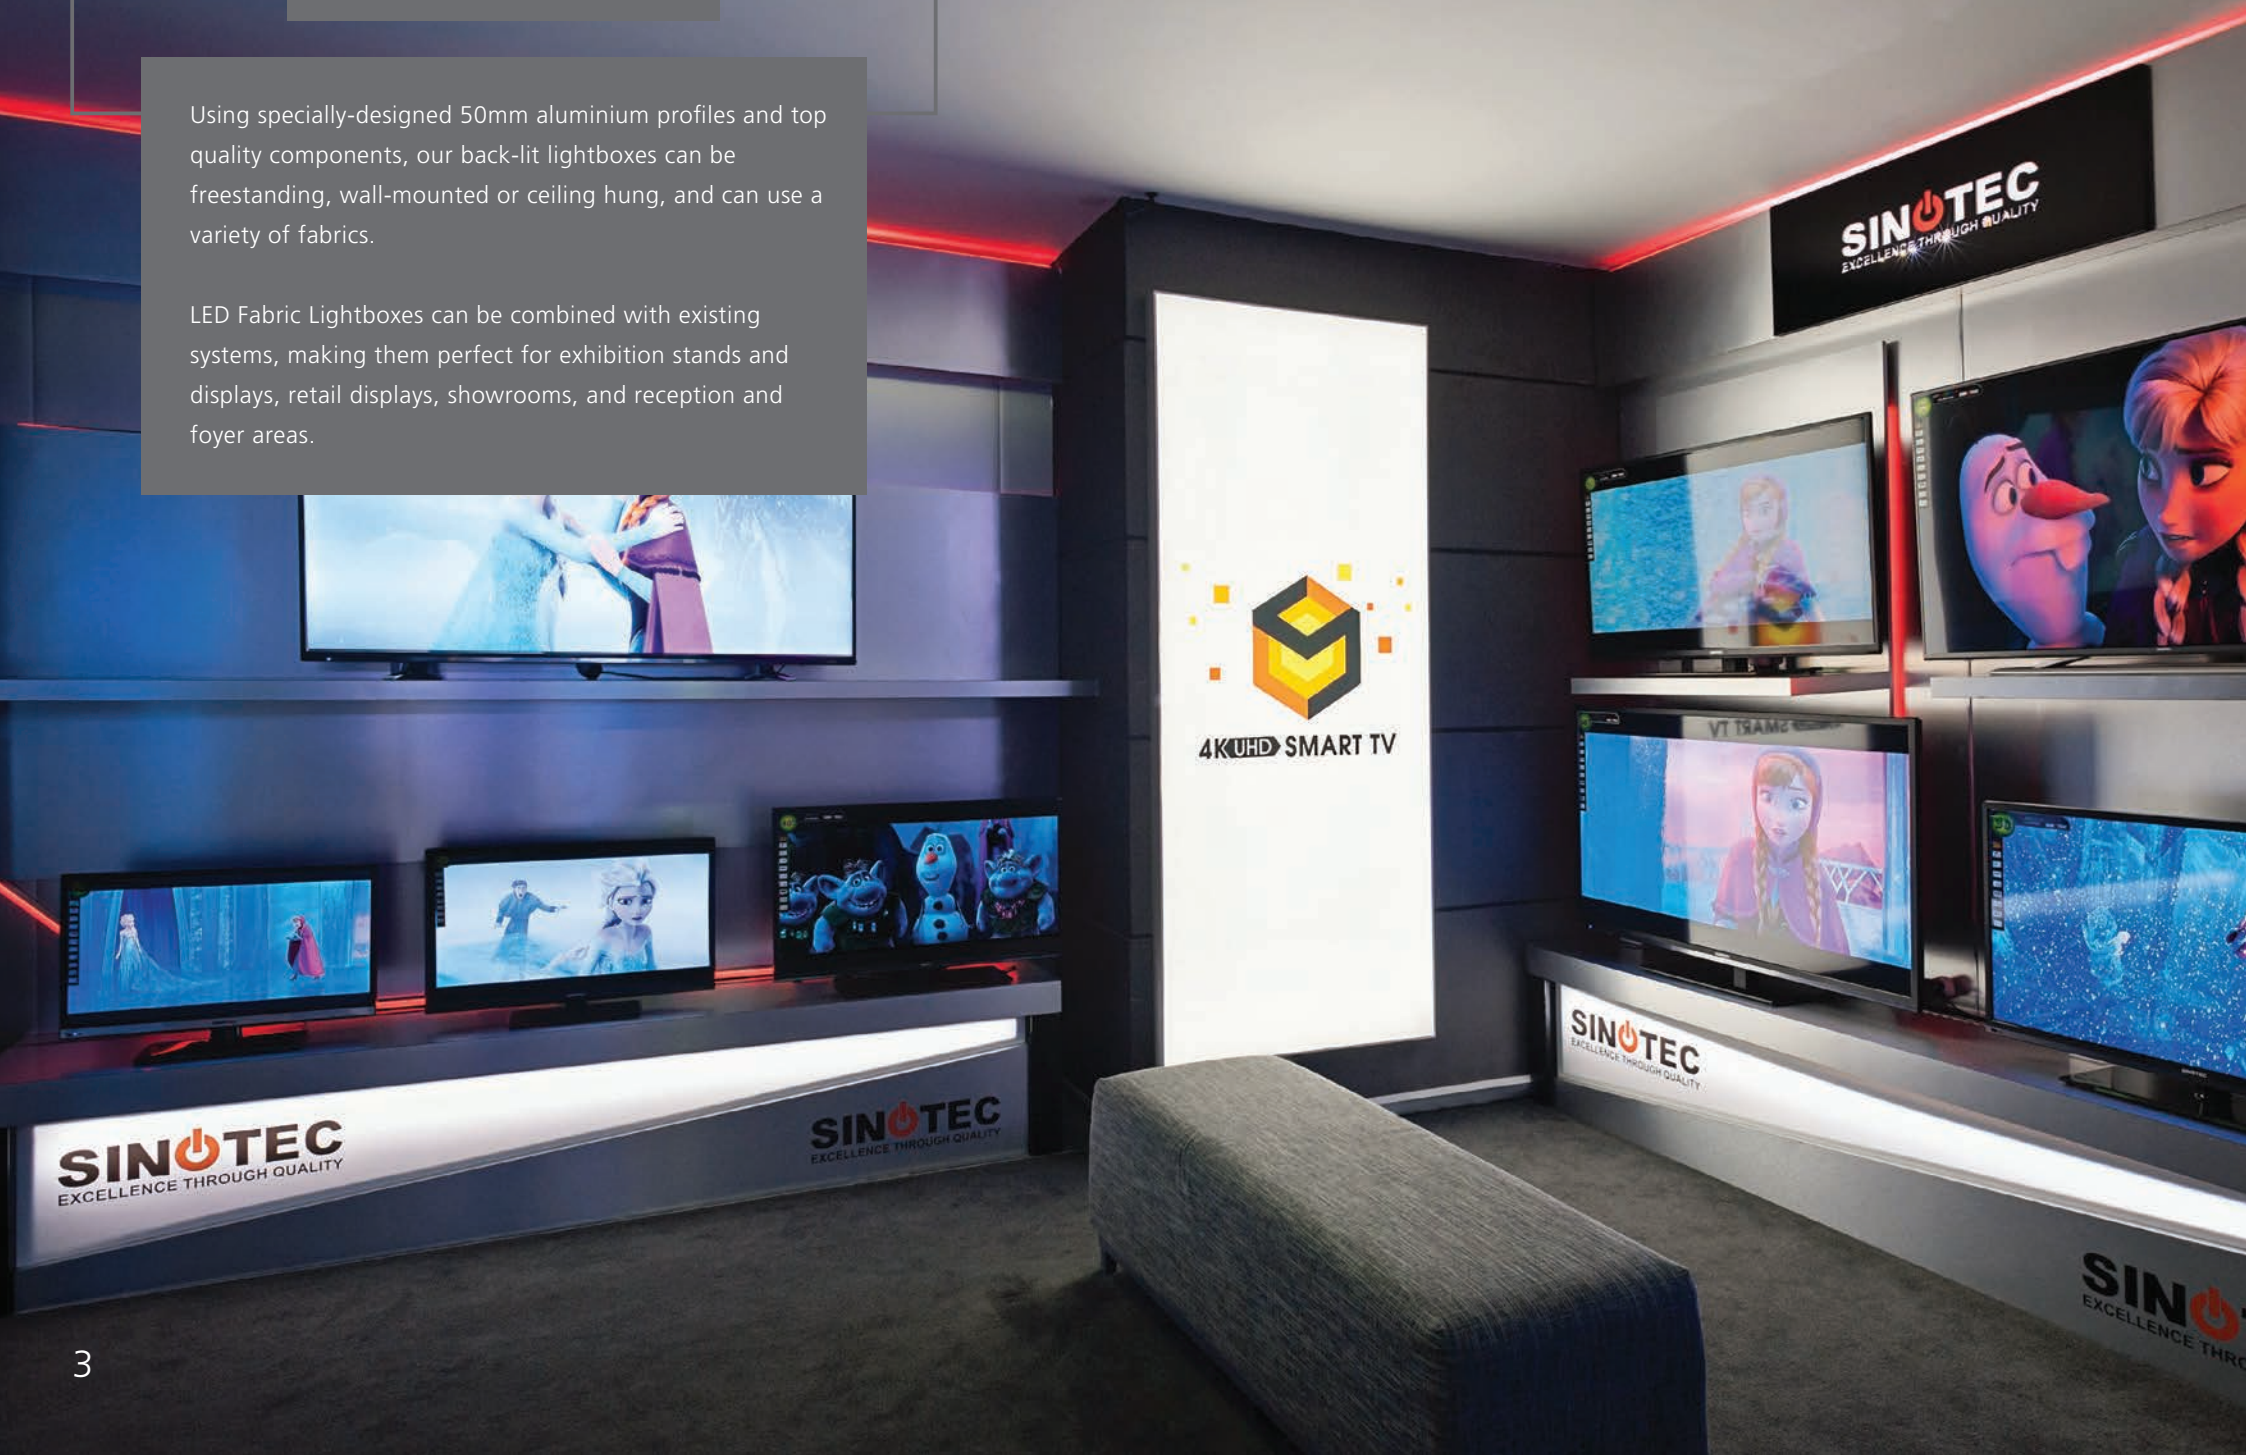

We have branches in Johannesburg, Cape Town, Durban, Port Elizabeth, Botswana, Rwanda and Kenya, and a network of partners throughout Africa.

// LED Fabric Lightbox

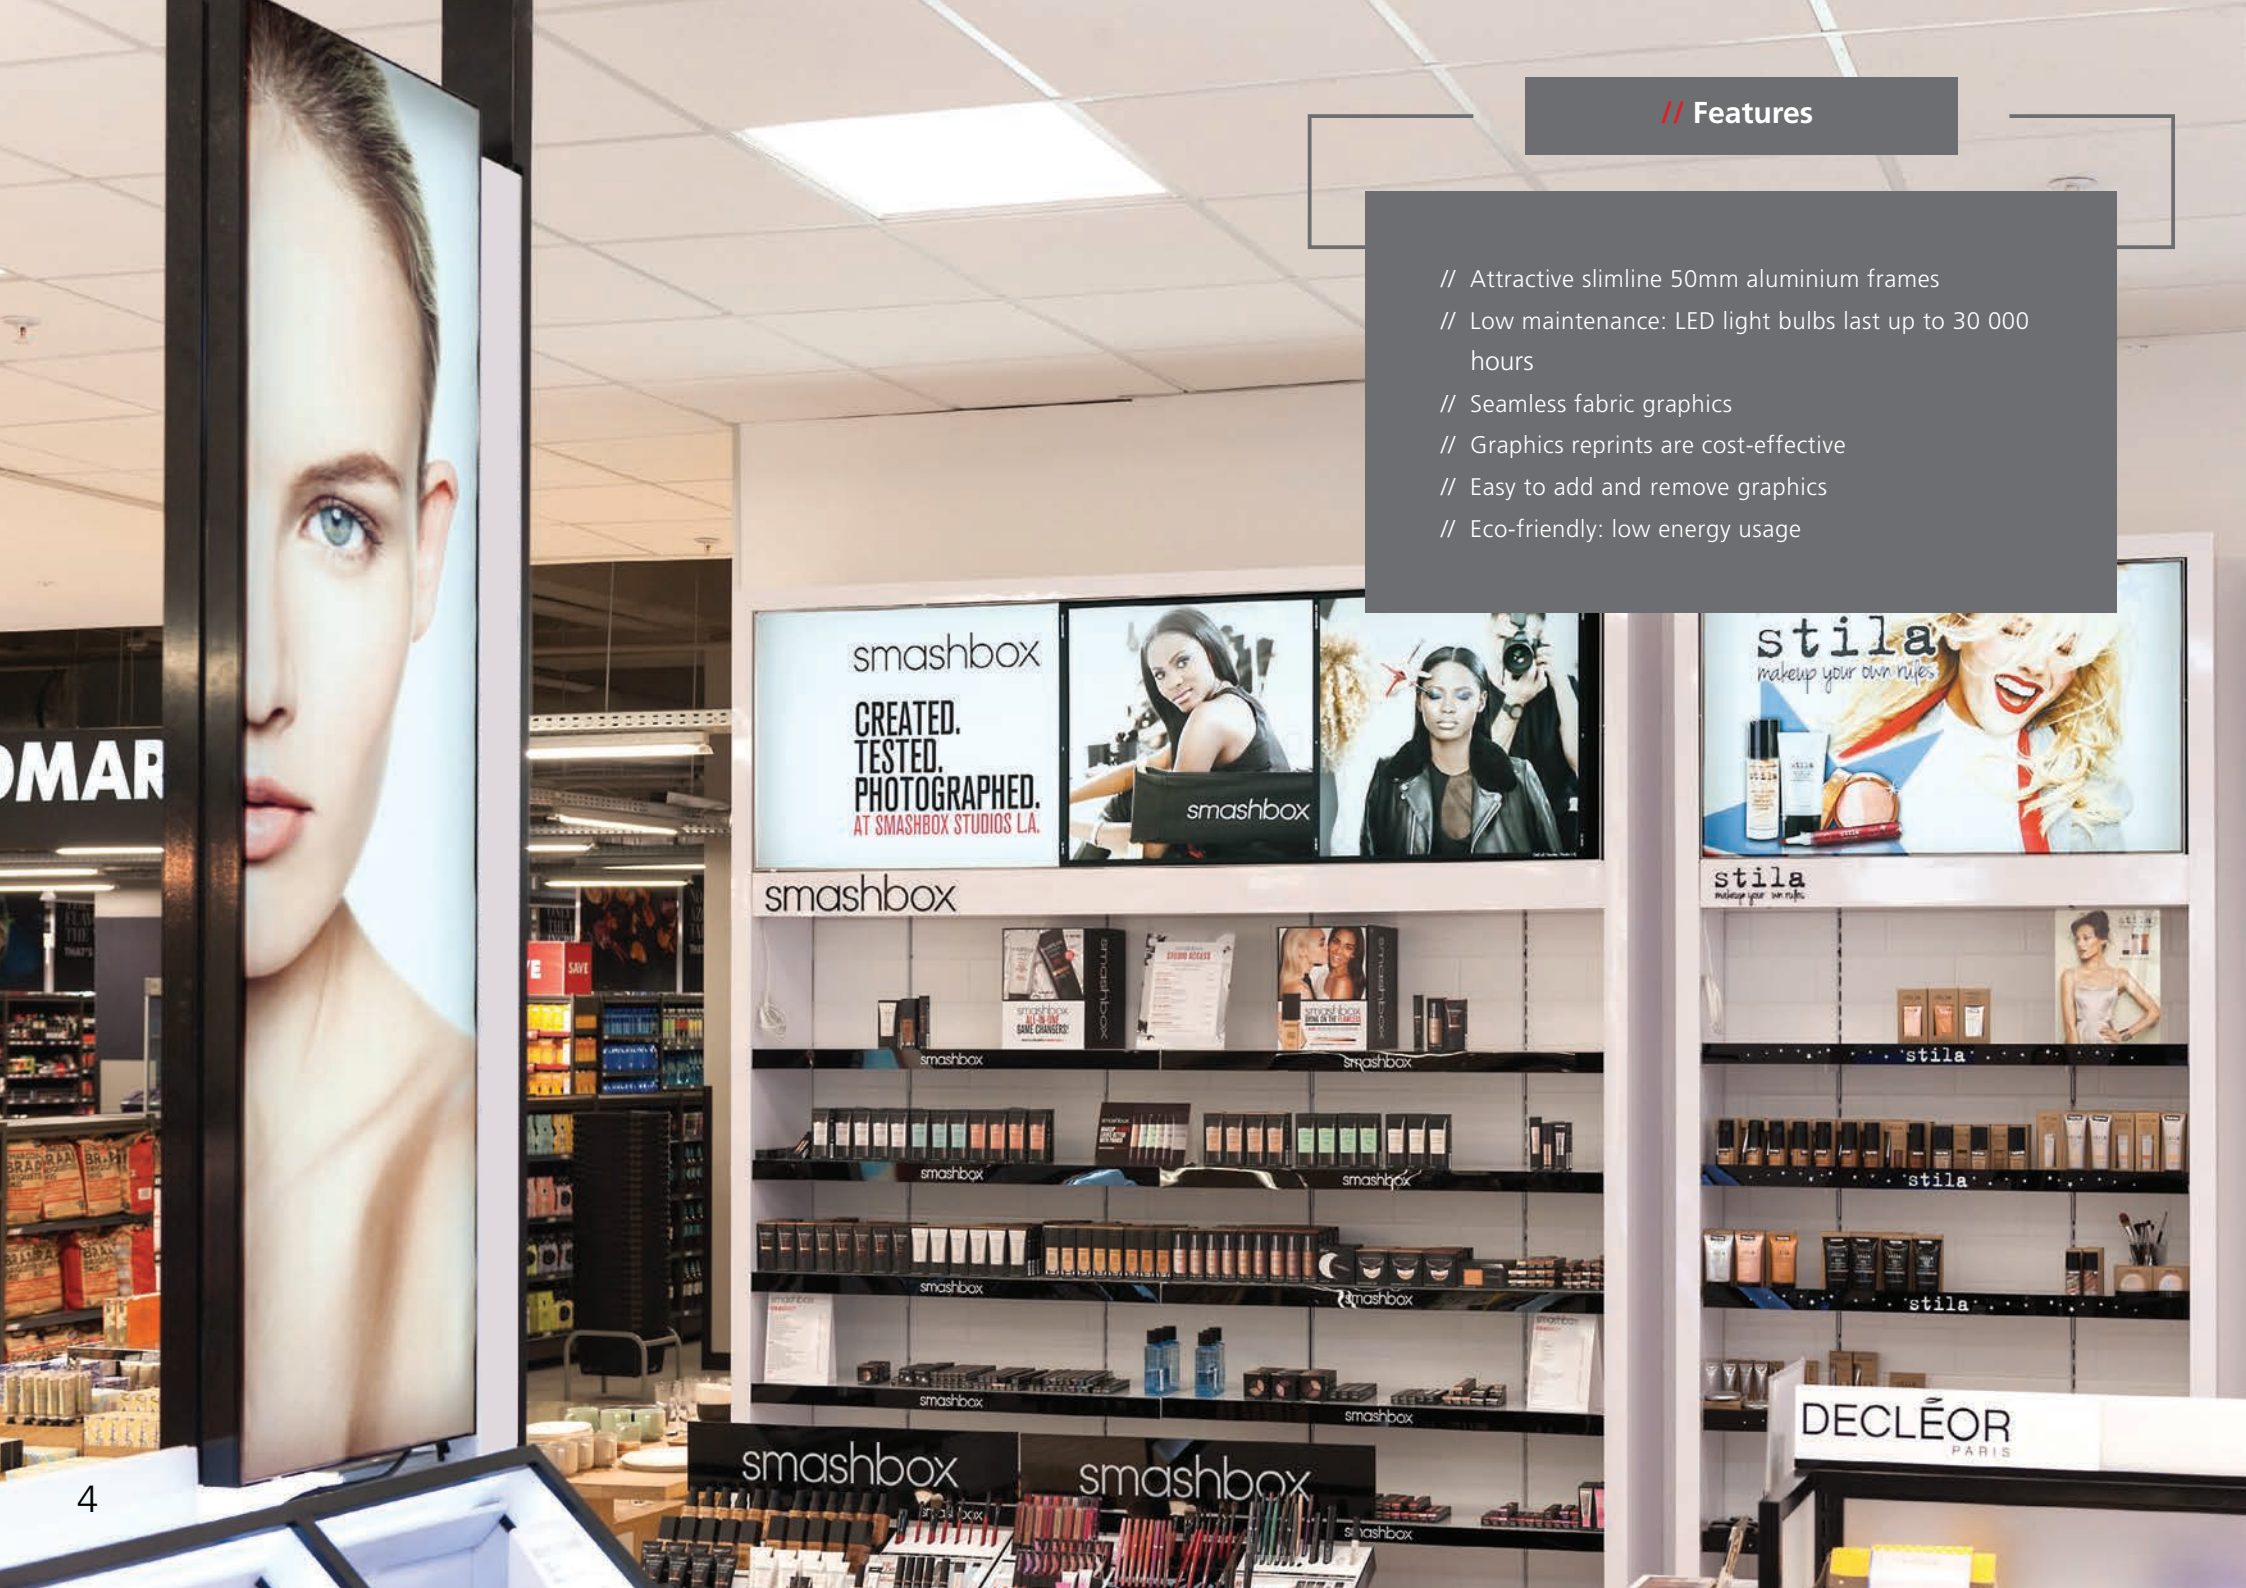

Using specially-designed 50mm aluminium profiles and top quality components, our back-lit lightboxes can be freestanding, wall-mounted or ceiling hung, and can use a variety of fabrics.

LED Fabric Lightboxes can be combined with existing systems, making them perfect for exhibition stands and displays, retail displays, showrooms, and reception and foyer areas.

// Features

- // Attractive slimline 50mm aluminium frames
- // Low maintenance: LED light bulbs last up to 30 000 hours
- // Seamless fabric graphics
- // Graphics reprints are cost-effective
- // Easy to add and remove graphics
- // Eco-friendly: low energy usage

// Options
